1. EXECUTIVE SUMMARY & BRAND IDENTITY

Roselet Jewels is an omnichannel Direct-to-Consumer (D2C) fashion and demi-fine jewelry brand originating from Kerala, structured for rapid all-India retail distribution. The brand captures two massive consumer growth trends in India: **everyday waterproof 18K PVD anti-tarnish stainless steel jewelry** for working professionals, and **micro-gold traditional Kerala temple jewelry** for weddings and festive seasons (Onam, Vishu, Eid).

📖 What Does "Roselet" Mean?

Linguistically, **Roselet** is an English & French diminutive noun meaning **"A Little Rose" or "A Delicate Rosebud"** (from *Rose* + *-let*, like *starlet* or *bracelet*). In jewelry, it symbolizes petite, minimalist elegance, floral rosette cuts, and 18K rose-gold tones.
